

High Octaine VFR CHART READING Master Class

In Depth VFR Chart Reading! A Master Class for the pilot who wants to have a professional orientation. Insight into the VFR Charts designed to expose the really great information possibly hiding in plain sight!

Directions: Enter the airport area at the Osborne St. main entrance near the intersection of Osborne and San Fernando Road. Plenty of free parking. Drive to far end of lot near Airport Manager's office.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
